Overview

The Root Creek Water District (District) sustainably manages surface water and groundwater resources to provide available water supply for agricultural and municipal customers within the District. The District imports and delivers surface water to agricultural customers and simultaneously provides potable water, stormwater, and sewer services to municipal customers. The District intends to adopt a rate schedule to recover the District’s share of providing agricultural and municipal services.

The District will consider establishing late fee schedule for the following fees: Connection Fees, Inspection Fees and Meter Fees, found in Table 1. Payment is due 30 days following the invoice issue date (net 30 days). Late fees will be assessed once the 30 day period has lapsed on unpaid balances.
