Short Term Emergency Water Supply (STEWS) Request

Immediate Temporary Water Service* Requested?

Yes

No

Size of Household(s) _____

*STEWS measures will consist of temporary delivery of bottled water and/or water tank for individual household and drinking purposes only. Water for outdoor use, or any water-use external to the house, will be the responsibility of the landowner and not subject to STEWS measures. The Plan Manager will review the application and will notify the applicant within 24 hours of application submission, whether they qualify for immediate STEWS assistance while permanent measures are being investigated.

Well Access and Documentation Agreement

By signing below, the Well Owner (Applicant) is agreeing to 1) allow the GSA (or third-party contractor) access to the well in question, 2) provide the required well documentation, and 3) understand that relief is not guaranteed and is subject to review and approval/denial by the Plan Manager.

Applicant Signature: _____ Date: _____
